Programme of Study: BSc Mathematics

Dear Mauro

The Quenouille Prize in Operational Research

I am pleased to inform you that the Faculty of Social and Human Sciences Board of Examiners have approved the recommendation that you be awarded the above prize in the academic year 201819.

The Quenouille Prize in Operational Research (£100) is awarded to the UG Finalist student demonstrating the best overall performance in the final year of their degree programme.

Your prize will be paid directly into your designated UK bank account via the Bankers' Automated Clearing Service (BACS) facility.

We usually announce prize recipients at the programme's Graduation Reception, which this year is being held on Friday 26th July 6pm in the graduation marquee (outside building 40, Highfield campus). We would therefore be grateful if you would confirm that you will be able to attend.

Please accept the Board's congratulations on your achievement. I wish you every success for the future.

Yours sincerely

Tegan Prewett
Administration & Assessment Team Leader
